

INDOOR + OUTDOOR PERFORMANCE FABRICS

Calder Chenille Fabric – Lagoon

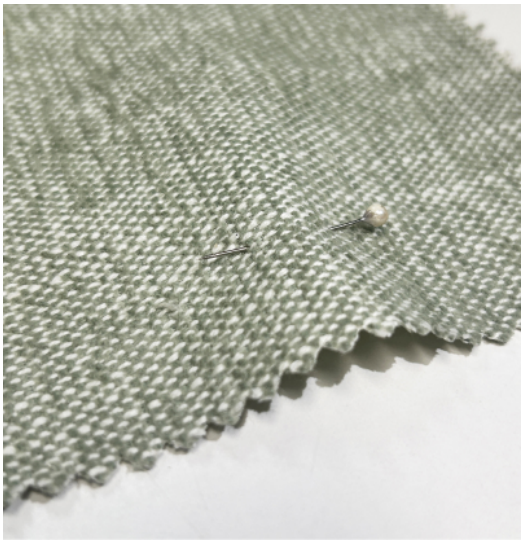

Calder is a softly textured indoor and outdoor performance chenille with a pronounced crosshatch weave that gives the fabric depth and tactile character. Designed to balance an inviting hand with exceptional durability, it is a versatile choice for upholstery, drapery, soft furnishings and bedding across interior and exterior settings.

Available in a palette of versatile colourways, Calder can be used as a tonal companion to patterned wallpapers or as a confident expression of colour in its own right. Part of the Indoor + Outdoor Performance Fabrics family.

INTENDED USE	Upholstery, drapery, soft furnishings and bedding
WIDTH	55.25 / 140.3 cm
