# Jungle Heritage Mural

The Jungle Heritage mural is an exciting tropical wallpaper that will bring the jungle into your living room. This jungle wallpaper features heritage explorer style flora and fauna illustrations carefully pieced together into a beautiful, lush scene, complete with a tiger hiding in the grass. The oversized butterflies and birds bring your space to life and add a sense of wonder. Inspired by British colonial design, this mural will add a beautiful depth to a living room, bedroom or bathroom. Its classic style lends a sense of grandeur and opulence. The scene also adds an illusion of depth to your room to make it feel larger like you can stroll off into the jungle. The palette is mainly rich, verdant greens for the flourishing greenery, with a pop of colour in the flowers and fauna. The artist, Binny Talib, created this after spending some time living in Asia and being enchanted with the lush tropical landscapes.
