Ticking Stripe Wallpaper

Ticking Stripe Wallpaper is a classic and timeless stripe design. Ticking Stripe designs have been around for hundreds of years and were initially popular on some of the first fabrics used for bedding. Characterised by a single thick stripe and two thinner outer stripes, a closer look will reveal the tiny herringbone patterns that make up each line. While the Ticking Stripe wallpaper might be associated with old English or vintage American styles, they will immediately upscale any room they adorn. It will add sophistication to the space and add a feeling of height or width to a room depending on how they are installed.

SUSTAINABILITY

- Made to order within 2-5 days using the latest eco-friendly printing tech. That means no over-production and waste like regular wallpaper brands.
